YCH Indonesia Partners with PT Multi Terminal Indonesia to Strengthen the Sapulang Chain and Logistics Ecosystem in Indonesia with the Smart Growth Connect (SGConnect™) Initiative

To execute its business plans, Pelindo will be supported by four business units: Planning, Reduce Logistics Cost, and Improves Infrastructure and Capacity.

The integration of Pelindo will create a centered synergy between the state-owned port enterprises, with operational standardization of information & technology. Said integration will also promote better strategic control in long-term overall

The establishment of Pelindo as a company resulting from this integration is a strategic initiative of the government as a modernization of PT Pelabuhan Indonesia (Persero), commonly known as Pelindo, and PT Pelindo IV (Persero) that was officially found in October 1st, 2021.

Based on one of the world’s biggest archipelagos with an extensive history in the world maritime stage, Pelabuhan Indonesia, and PT Pelindo IV (Persero) yang that was officially found in October 1st, 2021. The share ownership of PT MTI, the majority shares are owned by PT Pelabuhan Indonesia (Persero), which is established based on deed No. 15 dated February 15, 2002 by Notary Herdimansyah Chaidirsyah, SH., in Jakarta.

The PT MTI was established on May 9th, 2002. As for share ownership of PT MTI, the majority shares are owned by PT Pelabuhan Indonesia (Persero), which is established based on deed No. 15 dated February 15, 2002 by Notary Herdimansyah Chaidirsyah, SH., in Jakarta.

Entering 2015, PT MTI transformed and strengthened its business to become one of the leading logistics companies in
